I refer to Section 38 (4) (a) of the Licensing (Scotland) Act 2005 in terms of the Premises Licence Review

The Licensing Standards Officers were made aware in October 2018 that the licence holder had not paid the annual fee for the above premises.

This is a breach of section 10 (2) of the mandatory conditions attached to the premises licence – Payment of Annual or Recurring Fees

The Licensing Standards Officer visited the premises – it was closed and had been closed for several months. The licence holder is Shanghai Feast Ltd and although attempts were made to contact the company, this was unsuccessful. The Licensing Standards Officer contacted the son of the premises manager to advise of the situation as previously, the annual fee payment had been actioned after such contact. An email was received which stated that the premises was closed, however there has been no payment of the annual fee.

The Licensing Standards Officer had no other options regarding resolving this issue and has exhausted all known avenues.
