Dear Ms Wilson

**Licensing (Scotland) Act 2005 – Variation of a Premises License  
The Foundry, 43 Holburn Street, Aberdeen**

We refer to the above application and in terms of Section 22(1)(a) of the Licensing (Scotland) Act 2005, I make the following objection under the licensing objectives:

**Protecting and Improving Public Health**

The applicant seeks to extend the terminal hour of the premises to enable trading on the following times:

- Sunday through to Thursday, 1000 until 0100 = 15 hours continuous trading
- Friday and Saturday, 1000 until 0200 = 16 hours continuous trading

The Licensing Board have already stated on page 12 of the Aberdeen City Statement of Licensing Policy that they consider 15 hours continuous trading to be reasonable within any 24 hour period and that opening or terminal hours should be adjusted accordingly to comply with this requirement.

In creating the new Statement of Licensing Policy, the Licensing Board recognised that excessive consumption of alcohol can cause or exacerbate a number of health problems. They set guidance within the policy to help address these concerns with trading hours being a key component of their strategy to address alcohol related harm within the city.

We see nothing in this application that would justify additional hours trading and suggest that the applicant adjust the licensing hours of the premises on Friday and Saturday to

comply with the Statement of Licensing Policy. The premises could still be open for breakfast, teas, coffees etc but restrict the sale of alcohol until 1100.

For this reason, and in terms of Section 22(1) (a) of the Licensing (Scotland) Act 2005, the Public Health Directorate of NHS Grampian submits this letter of objection as the granting of the application would be inconsistent with one or more of the licensing objectives, namely Protecting and Improving Public Health.

Yours sincerely

Dr Tara Shivaji  
Consultant in Public Health
