### 1. PURPOSE OF REPORT

1.1 This report advises the Committee of progress made by Services with implementing recommendations that have been agreed in Internal Audit reports.

### 2. **RECOMMENDATIONS**

The Committee is requested to:

2.1 Review, discuss and comment on the issues raised within this report and the attached appendices.

### 3. BACKGROUND / MAIN ISSUES

- 3.1 The Public Sector Internal Audit Standards require that Internal Audit monitors the implementation of agreed recommendations until they are implemented by management. The Corporate Management Team and the Audit, Risk and Scrutiny Committee receive a report from Internal Audit at each of its meeting which shows progress made.
- 3.2 However, circumstances may change following completion of an Internal Audit. Having investigated implementation more fully, a recommendation may, for example, take longer to implement, or the cost of implementation may be higher, than originally anticipated. In these circumstances either more time may be required, or management may conclude, based on the risk to the organisation, that the recommendation should no longer be implemented. Where this is the case, management will make recommendations regarding how the agreed recommendation should be treated.
- 3.3 The attached appendices show progress made by Services with completing agreed Internal Audit recommendations, based on assurances received

from officers tasked with their implementation and independent checks where appropriate. Where all recommendations contained in individual reports issued before 1 April 2018 have been completed, these are no longer shown in the appendices.

3.4 Where recommendations have not been completed by their original due date, reasons are provided along with recommendations from management (where appropriate) regarding how and when the agreed Internal Audit recommendation will be concluded or whether it should no longer be implemented.

### 4. FINANCIAL IMPLICATIONS

4.1 There are no direct financial implications arising from the recommendations of this report.

### 5. LEGAL IMPLICATIONS

5.1 There are no direct legal implications arising from the recommendations of this report.

### 6. MANAGEMENT OF RISK

6.1 The Internal Audit process considers risks involved in the areas subject to review. Any risk implications identified through the Internal Audit process are detailed in the resultant Internal Audit reports. Recommendations are made to address the identified risks and Internal Audit follows up progress with implementing those that are agreed with management. Those not implemented by their agreed due date are detailed in the attached appendices.

### 7. OUTCOMES

- 7.1 There are no direct impacts, as a result of this report, in relation to the Local Outcome Improvement Plan Themes of Prosperous Economy, People or Place, or Enabling Technology, or on the Design Principles of the Target Operating Model.
- 7.2 However, Internal Audit plays a key role in providing assurance over, and helping to improve, the Council's framework of governance, risk management and control. These arrangements, put in place by the Council, help ensure that the Council achieves its strategic objectives in a well-managed and controlled environment.

## **APPENDIX A – SUMMARY**

### POSITION WITH AGREED RECOMMENDATIONS AS AT 16 APRIL 2019

The following table provides a summary of progress being made by Services with completing agreed recommendations.

On 14 February 2019, the Committee was advised that, as at 3 February 2019, there were 40 recommendations which were due to have been completed by 31 December 2018 which were not fully complete. This has reduced to 14.

The total not fully complete, which had an original due date of before 28 February 2019, is 14. Full details relating to progress, on a report by report basis, are shown in appendices B to G.

## **KEY TO COLOURING USED IN FOLLOWING APPENDICES**

### **Recommendation Grading:**

| Grading     | Definition  |
|-------------|---|
| Major       | The absence of, or failure to comply with, an appropriate internal control which could result in, for example, a material financial loss, or loss of reputation.<br>Financial Regulations have been consistently breached.  |
| Significant | Addressing this issue will enhance internal controls.<br>An element of control is missing or only partial in nature.<br>The existence of the weakness identified has an impact on a system's adequacy and effectiveness.<br>Financial Regulations have been breached. |
| Important   | Although the element of internal control is satisfactory, a control weakness was identified, the existence of the weakness, taken independently or with other findings does not impair the overall system of internal control.  |

### Length of time overdue
