#### 1. INTRODUCTION

- 1.1 I am pleased to introduce the first annual effectiveness report for the Capital Programme Committee. As members will be aware, as part of their interim assessment of the Council's governance arrangements in 2016, CIPFA recommended that committees review the extent to which they have operated within their Terms of Reference, through an annual report.
- This first annual report is a good mechanism for the Committee to support the Council's improvement journey by demonstrating the ways that the Committee supports the principles of the Target Operating Model and contributes to the Local Outcome Improvement Plan, whilst also providing the opportunity to reflect on the business of the Committee over the past year and to look to the Committee's focus for the year ahead.
- 1.3 Throughout the first year, the Committee has worked collectively to approve and monitor the capital projects within the Aberdeen City Council Capital Programme.

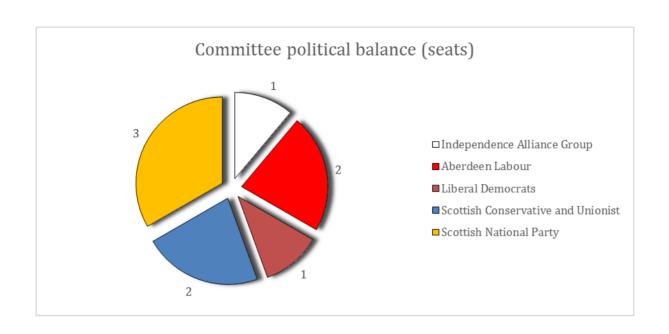

Councillor Marie Boulton, Convener

# 2. THE ROLE OF THE COMMITTEE

- 2.1 The role of the Committee is to oversee the governance and delivery of the capital projects which are set out within the Council's capital programme. This includes the consideration of any factors highlighted within any individual project's outline and full business case. The committee oversees the full life cycle of projects from their inception to their delivery and post-delivery evaluation.
- 2.2 The Committee also has an overarching role to take cognisance of how major infrastructure capital projects deliver outcomes which are aligned to the local development plan.
- 2.3 The Terms of Reference for the Committee as approved by Council on 5 March 2018 that applied to the committee's business during 2018/2019 are appended to the report.

#### 9. CIVIC ENGAGEMENT

- 9.1 There have been a couple of instances where civic engagement has been carried out to try and ensure more people/communities and businesses are working together to help the community as a whole.
  - Participation within the 'Trinity Group' which enables the private and public organisations to meet and discuss key issues which impact on the delivery of development across the city; and
  - Holding a 'Developers Day' presentation to try and stimulate private developer interest in help deliver the councils housing aspirations.
- 9.2 The Committee's civic engagement activity is an area which still requires further development, but early consideration would suggest it can provide positive benefits for the delivery of the Councils aspirations
- 9.3 Looking forward to financial year 2019/2020 it is felt there would be benefit in holding similar types of meetings with other stakeholders, and more regular meetings between the public and private sector.

9.4 From a capital project perspective the intention is for the Capital Programme Committee to consider if there is benefit in holding 'key project' progress briefing sessions, to keep local communities informed.

#### 11.EXECUTIVE LEAD'S COMMENTS

- 11.1 One of the Council's transformation projects is to deliver the CIPFA Mark of Excellence in Good Governance. As part of this project, CIPFA recommended that each committee should annually review its effectiveness, including its information reporting needs. This would help ensure that each committee is following its terms of reference, is operating effectively and to identify any training needs or improvements to the Council's decision-making structures.
- 11.2 The committee would appear to be working effectively noting that:
  - Throughout the year there was a small number of reports submitted to the committee,
  - No decisions required to be delayed;
  - There were 3 exempt reports presented to the Committee. Due to the commercial nature of our capital projects, disclosure of some commercial information could impact on the Council's duty to secure best value;
  - All sections of the terms of reference were engaged; and
  - All business was approved/noted unanimously.
- Looking forward to the next financial year (2019/2020) there would be benefit and greater transparency if key project reports were submitted on a regular basis throughout a project's full project life cycle. This would provide increased understanding of the any interdependencies across the wider capital project portfolio.
- 11.4 In addition, project reports presented to the Capital Programme Committee would provide greater clarity and transparency to the challenges faced in meeting key milestones with earlier warning of any financial pressures on any given project.
- There is an opportunity with new projects to develop interest and a learning opportunity with a small group of local school children. This can be expanded wider to include local community groups who may have a particular area of interest in seeing the delivery of a project.
- 11.6 It is important that project post-evaluation reports are prepared to review

whether desired outcomes have been achieved but also to inform lessons learned for any similar future projects.

### 12. NEXT YEAR'S FOCUS

- 12.1 Council on 4 March 2019 approved new Terms of Reference and a further review will be reported to Council in March 2020. Throughout the next reporting year, we will review the Terms of Reference in line with the business submitted to the Committee and reflect on whether any areas require refinement moving forward to ensure the efficient operation of the Committee.
- 12.2 From a governance perspective the Capital Programme Committee will focus on monitoring the progress and delivery of key projects which are aligned to the Local Outcome Improvement Plan (LOIP) and the Local Development Plan (LDP).
- 12.3 Throughout next year the Council faces difficult budget decisions and it will be critical to the successful delivery of desired outcomes that project delivery is scrutinised and challenged. The progress of projects through their project life cycle will be reported on a more regular basis to ensure milestones are being achieved as expected, and project expenditure is within approved budgets.
- 12.4 Balanced with this, the approval process to project manage projects provides greater delegation powers to assist their delivery.
- 12.5 Aligned with this, early in the new financial year a new capital project 'dashboard' will be developed to provide greater clarity and transparency of projects. This will provide an extra level of scrutiny which can be accessed at any time throughout the financial year. At a glance it will show if policy priorities and political priorities are being met.
