3. BACKGROUND

- 3.1 This report is to provide members with key performance measures in relation to the Commercial and Procurement cluster as expressed within the 2021/22 Council Delivery Plan.
- 3.2 Performance Framework Reporting was introduced in 2019/20, initially against in-house delivery directly contributing to the City's Local Outcome Improvement Plan (LOIP) to the Operational Delivery and City Growth and Resources Committees, and has informed the 2021/22 Council Delivery Plan (the Plan) that was agreed by Council on the 10th March 2021.
- 3.3 The 'Performance Management' section of the Plan explains how the commitments and deliverables will be supported and scrutinised through the Council's Performance Management Framework, which establishes robust performance management of service delivery. This section also outlines the systematic approach that will be taken during 2021/22 to identify, plan and deliver improvement.
- 3.4 The Plan also reflects on the identification of Service Standards against each function/cluster, that builds on the original Framework which offers insight into the effectiveness, and accessibility of core service provision to the Council's stakeholders and City communities.
- 3.5 Where appropriate, data capture against these Standards is now directly incorporated within the suite of metrics contained within Appendix A and will be reported against on either a monthly, quarterly, or annual basis.

- 3.6 The Performance Management Framework provides for a consistent approach within which performance will be reported to Committees. This presents performance data and analysis within four core perspectives, as shown below, which provides for uniformity of performance reporting across Committees.

- 3.7 This report, as far as possible, reports performance up to the end of October 2021 or Quarter 2 2021/22, as appropriate.
- 3.8 Appendix A provides an overview of current performance across the Commercial and Procurement cluster, with reference to recent trends and performance against target. There is also, at appropriate points in the Appendix, narrative analysis of progress against new Service Standards with a RAG status, allocated by Officers of the Commercial and Procurement cluster. These are defined as follows:
