Report Structure and Content

- 3.2 Performance Management Framework Reporting against in-house delivery directly contributing to, or enabling delivery against, the city's Local Outcome Improvement Plan, (LOIP) has informed development of successive Council Delivery Plans, including the 2022/23 Council Delivery Plan that was agreed by Council on the 7th March 2022.

- 3.3 The Council's Performance Management Framework, supporting and enabling scrutiny against progress of the Council Delivery Plan and its key measures, establishes a robust performance management and reporting system which encompasses single and multi-service inputs, outputs and outcomes.
- 3.4 Service standards against each function/cluster, associated with Council delivery planning, offer continuous insight into the effectiveness, and accessibility of core service provision to the Council's stakeholders and city communities.
- 3.5 Where appropriate, data capture against these standards is now directly incorporated within the suite of metrics contained within Appendix A and will be reported against on either a monthly, quarterly or annual basis. These will be updated for future cycles to include any new or amended standards for 2022/23.
