2. RECOMMENDATION

- 2.1 That the Committee note the report and provide comments and observations on the information contained in the report Appendices.

3. CURRENT SITUATION

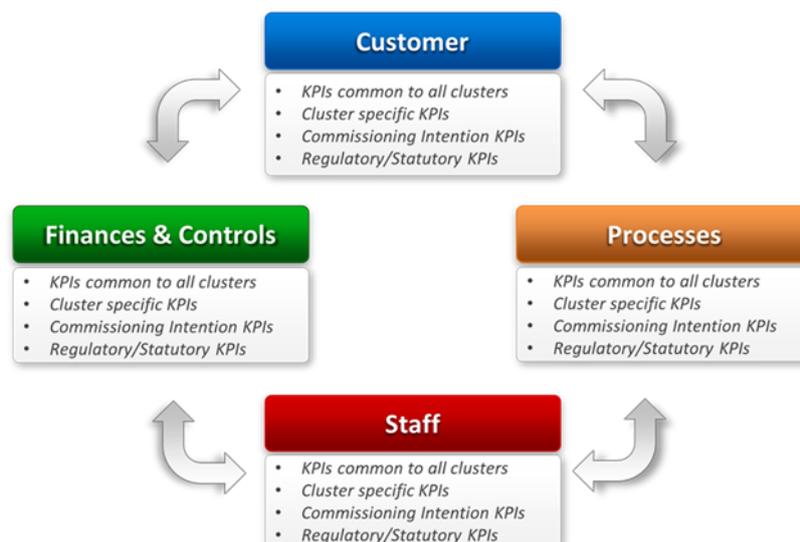

Report Purpose

- 3.1 This report is to provide members with key performance measures in relation to the Commissioning and Resources functions as expressed within the 2022/23 Council Delivery Plan (the Plan)

Report Structure and Content

- 3.2 Performance Management Framework Reporting against in-house delivery directly contributing to, or enabling delivery against, the City's Local Outcome Improvement Plan, (LOIP) has informed development of successive Council Delivery Plans, including the [2023-24.Council Delivery Plan](#) that was agreed by Council on the 1st March 2023.
- 3.3 Members are asked to note that the measures reflected against in this report align with those Standards and measures in the 2022/23 Council Delivery Plan and Commissioning Intentions outlined at the Budget meeting of 7th March 2022.

- 3.4 The Council's Performance Management Framework, supporting and enabling scrutiny against progress of the Council Delivery Plan and its key measures, establishes a robust performance management and reporting system which encompasses single and multi-service inputs, outputs and outcomes.
- 3.5 Service Standards against each function/cluster, associated with Council Delivery planning, offer continuous insight into the effectiveness, and accessibility of core service provision to the Council's stakeholders and City communities.
- 3.6 Where appropriate, data capture against these Standards is now directly incorporated within the suite of measures contained within Appendix A and will be reported against on either a quarterly or annual basis. These will be updated for future cycles to include any new or amended Standards for 2023/24.
- 3.7 The Performance Management Framework provides for a consistent approach within which performance will be reported to Committees. This presents performance data and analysis within four core perspectives, as shown below, which provides for uniformity of performance reporting across Committee.

- 3.8 This report, in Appendix A, details operational performance measures up to the end of December 2022, year-to date information to February 2023 around Service Standards and Attendance and reflects on recent national data releases, along with consideration of live data held by the Education Service. This latter data supports the in-term assessment schedule referred to in the [2021-22 Attainment and Achievement Data Performance Report](#) to the November meeting of this Committee.
- 3.9 Appendix B outlines the recently published outcomes relating to Education delivery derived from the Local Government Benchmarking Framework, (LGBF) that adds a rounded understanding of performance in the context of a limited number of core data points. This information, in summary, serves to further validate the analysis of data, and the direction of travel indicated by this analysis, that is conducted across wider suite of key Education Indicators on an on-going basis.

- 3.10 Similar datasets, covering key Children’s Social Work and Child Protection will be published through the LGBF update report subsequent to the anticipated release of national Children Looked After Statistics for this period towards the end of March 2023.
- 3.11 Appendix C reflects on progress against the present National Improvement Framework Plan for the City. This metrics suite aligns closely with the Education Service Statutory Performance Indicator template.
