

A photograph of a row of colorful, single-story houses in Aberdeen City's Bairns Hoose. The houses are painted in various colors like yellow, red, and blue. A large, leafy tree is visible in the background behind the houses. The sky is blue with some white clouds. The foreground shows a paved area, possibly a street or parking lot.

Links Hub ELC

The Links Hub ELC was opened in 2022. The Bairns Hoose will be developed to the same standard and finish. Our children and young people are already helping us to think about the design and aesthetic feel of the bairns hoose.
