3. CURRENT SITUATION

Report Purpose

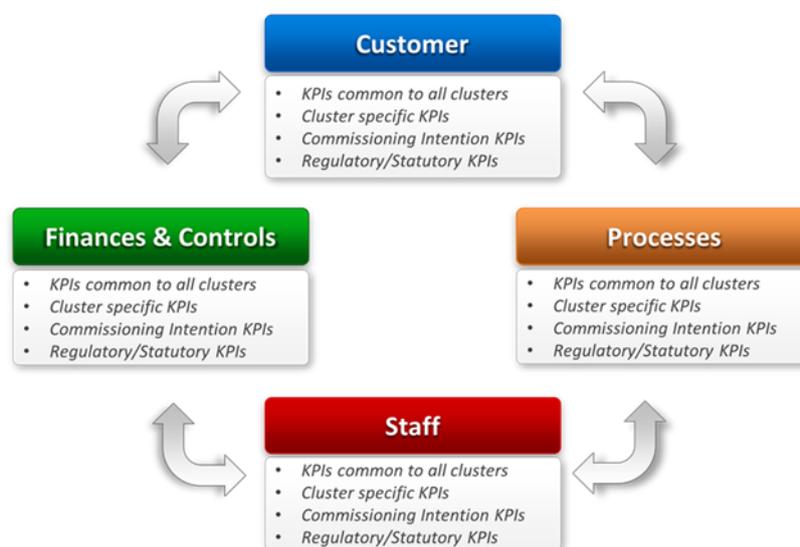

- 3.1 This report is to provide members with key performance measures in relation to Children's and Family Services expressed within the 2023/24 Council Delivery Plan (the Plan), a progress summary around the National Improvement Framework Plan and data from the initial SQA release from the 2023 examination diet.

Report Structure and Content

- 3.2 Performance Management Framework Reporting against in-house delivery directly contributing to, or enabling delivery against, the City's Local Outcome Improvement Plan, (LOIP) has informed development of successive Council Delivery Plans, including the [2023-24.Council Delivery Plan](#) that was agreed by Council on the 1st March 2023.
- 3.3 The Council's Performance Management Framework, supporting and enabling scrutiny against progress of the Council Delivery Plan and its key measures,

establishes a robust performance management and reporting system which encompasses single and multi-service inputs, outputs and outcomes.

- 3.4 Service Standards against each function/cluster, associated with Council Delivery planning, offer continuous insight into the effectiveness, and accessibility of core service provision to the Council's stakeholders and City communities.
- 3.5 Where appropriate, data capture against these Standards is directly incorporated within the suite of measures contained within Appendix A and will be reported against on either a quarterly or annual basis.
- 3.6 The Performance Management Framework provides for a consistent approach within which performance will be reported to Committees. This presents performance data and analysis within four core perspectives, as shown below, which provides for uniformity of performance reporting across Committee.

:

- 3.7 This report, in Appendix A, details (i) operational performance measures up to Quarter 2 of the current fiscal year, (ii) year-to date information around Service Standards and Attendance, and (iii) initial analysis around pupil outcomes from completion of the 2022/23 academic year, including those provisional data against the Broad General Education, and Senior Phase Local Benchmark Measures derived from the first tranche of Insight pre-review data releases.
- 3.8 Full analysis and presentation of both Curriculum for Excellence and Insight data will be offered at the next cycle of Committee subsequent to the release of additional national data against the Curriculum for Excellence in December 2023. This will enable the application of benchmarking and progression tracking across both phases of our pupil's education journey.
- 3.9 Appendix B reflects on progress against the present National Improvement Framework Plan for the City, agreed at the September meeting of this Committee, as at October 2023.

- 3.10 Appendix C offers a summary data briefing derived from the initial national educational releases relating to August SQA outcomes from the 2022/23 academic session, aligned with the Aberdeen City National Improvement Framework Plan for that period.
