### 1. PURPOSE OF REPORT

- 1.1 To share Aberdeen City's Child Protection Committee (CPC) Annual Report 2022-23 to provide assurance that the work of the CPC is effectively helping reduce risks to children and young people.

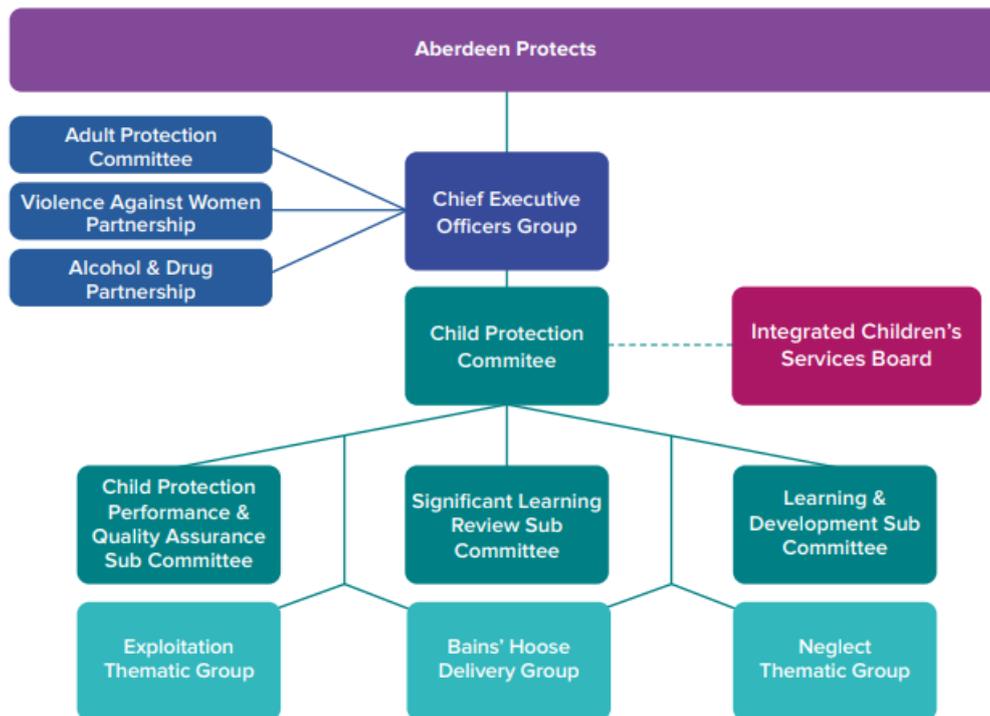

### 2. RECOMMENDATIONS

That the Committee:

- 2.1 Notes the content of the CPC's Annual Report 2022-23, including the Child Protection Programme 2021-2024; and
- 2.2 Instructs the Chief Social Work Officer to provide Committee with a further report in November 2024 detailing the continuing impact and effectiveness of partnership work in relation to child protection.

### 3. CURRENT SITUATION

- 3.1 Aberdeen City's Child Protection Committee (CPC) is a multi-agency strategic partnership governed by the Chief Executive Officers of Aberdeen City Council, NHS Grampian and the Police Commander for the area. It is committed to providing individual and collective leadership and direction for the management of child protection services in the Aberdeen City area. Areas for improvement which are identified through self-evaluation are driven through the Child Protection Programme.
- 3.2 The CPC works collaboratively with other strategic partnerships in the City such as the Children's Services Board, Aberdeen Violence Against Women Partnership (particularly in relation to child protection and domestic abuse), Adult Protection Committee, Multi Agency Public Protection Arrangements (MAPPA) and the Alcohol and Drugs Partnership under the banner of Aberdeen Protects as is outlined in the visual below.

- 3.3 The CPC routinely analyses and evaluates the impact of our collaborative work to keep children safe. Areas for improvement are detailed in the CPC Child Protection Programme which aims to improve the safety, wellbeing and life chances of vulnerable children and young people. Improvement activity is reported to and monitored by the CPC through its connected sub committees which are; the Significant Learning Review, the Performance & Quality Assurance, and the Learning & Development sub committees. Improvement activity set out in the Child Protection Programme 2021-2024, is and will be subject to the inspection scrutiny of the Care Inspectorate.
- 3.4 The CPC produces a statutory Annual Report to demonstrate the work of the CPC over a full year in both leading and improving child protection arrangements. The report is informed by the now well embedded Quality Assurance Framework (QAF) and audit programme.
- 3.5 The Annual Report highlights many achievements including the implementation of the Scottish Child Interview Model, a Neglect Resource toolkit, Multi Agency Child Sexual Exploitation Guidance, and the continuous implementation of the National Guidance for Child Protection in Scotland 2021.
- 3.6 The CPC continues to work to ensure that the Child Protection Programme Plan is informed by and aligned to national expectations flowing from the independent care review and as set out in The Promise. The CPC priorities set out in the Child Protection Programme are:
- To increase workforce confidence and knowledge to respond to child protection issues arising among children with disabilities

- To improve multi-agency recognition and response to indicators of cumulative neglect
  - To raise awareness and develop a multi-agency understanding of, and response to, all forms of child exploitation and children who go missing
  - To implement a whole system approach across the City in relation to child protection and domestic abuse, and support the delivery and embedding of the Safe and Together model alongside the Violence Against Women Partnership
  - To consider the revised National Guidance for Child Protection in Scotland and ensure the required changes are implemented to help support and improve practice
  - To build on our trauma informed and strength based practice approaches ensuring children and their families are engaged with appropriately, and that their voices are heard when they are involved in child protection processes
  - To improve the multi-agency recognition and response to equality, diversity and inclusion from a child protection perspective. This includes Female Genital Mutilation, Gender Identity, Prevent, Honour Based Abuse and Forced Marriage in the field of Child Protection.
- 3.7 The CPC's Child Protection Programme 2021 – 2024 will come to an end in July 2024 and a new programme will be established for 2024 – 2026. The priorities for the new programme will be agreed in the coming months and will be based on the already identified areas for improvement, along with any other arising areas, locally or nationally, for improvement.
- 3.8 The completion of a national self-evaluation tool for the implementation of the National Guidance for Child Protection in Scotland 2021 will be submitted to Scottish Government in October 2023. In anticipation of inspection, the self-evaluation will support the identification of any areas requiring further improvement, and the measures required to address these.
- 3.9 Feedback from our Care Inspectorate Link Inspector, who attends CPC meetings, continues to reflect very positively on the work of the partnership.
