

The LSOs would like to highlight to the Board that there are various premises falling into these categories and ask the Board to consider options available, as per the Aberdeen Licensing policy

“Licences Ceasing to Have Effect Section 28(5)(b) provides that a licence will cease to have effect where the licensed premises ceases to be used for the sale of alcohol. In order to avoid any misunderstandings, the Board expect any licence holder to notify the licensing department in writing if the premises is going to be closed for any length of time with an explanation of the reason for closure and an expectation of when the premises intends to reopen. If a premises has been closed for 6 months the licence will be referred to the next Board Meeting for review
