POLICY

8. Supplementary Policy – Occasional Licences and Extended Hours

The holder of a Premises Licence may apply for an extension of regular licensed hours in connection with:

- A special event or occasion to be catered for on the premises, or
- A special event of local or national significance.

The Board expect licence holders to anticipate and incorporate recurring events into the Premises Licence and only to apply for Extended Hours for one-off events that could not have reasonably been anticipated. For the avoidance of doubt an Extended Hours application may extend a premises' trading hours beyond the 15-hour period specified in the Supplementary Policy on Licensed Hours on a one-off basis.

Any application must be submitted by the licence holder and not the Designated Premises Manager unless he or she has written authorisation from the licence holder to do so. Applications must be made at least 4 weeks in advance of the event.
